ABOUT ME

I am a motivated and enthusiastic Full Stack Developer fresher with a strong foundation in both front-end and back-end technologies. I have hands-on experience building responsive web applications using HTML, CSS, JavaScript, React, Node.js, and MongoDB through personal and academic projects. I am passionate about coding, problem-solving, and continuously learning new technologies, and I am eager to start my professional journey, contribute to real-world projects, and grow as a developer in a challenging environment.

TECHNICAL SKILLS

Languages: JavaScript, HTML & CSS . . .
Libraries/Frameworks: NodeJS, ExpressJS, ReactJS, Redux-Toolkit
Developer Tools: VS Code, Git, Postman
Other: Web Development, GitHub .

PROJECTS

TODO APP : | HTML, CSS, JavaScript

- Developed a task management application to add, update, delete, and mark tasks as complete
- Implemented **CRUD operations** with dynamic UI updates
- Used **local storage** to persist tasks across sessions
- Designed a responsive and user-friendly interface
- Handled input validation and error states

E-Commerce : | HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

- Built a full-stack E-commerce web application using React, Node.js, Express, and MongoDB
- Developed features like **user authentication, product listing, search, filtering, and cart management**
- Implemented **secure checkout system with payment integration (Razorpay / Stripe)**
- Designed **RESTful APIs** for products, users, orders, and payments
- Created **admin dashboard** to manage products, users, and orders

EDUCATION

Wintech Institute of Technology

B.tech (computer science)

2024 - Present

2022 - 2024

Art and Science Junior college, Mangrul Navghare
